# Contents

## Section 1 Airway and Respiratory Procedures

- 1. Bag-Mask Ventilation** **3**  
*Ravinder Kumar Pandey, Rakesh Garg, V Darlong*  
Indication 3 • Contraindication 4 • Applied Anatomy and Physiology 4 • Technique and Equipment 5 • Preparation 8 • Procedure 11 • Complication/Problem 15
- 2. Endotracheal Intubation** **17**  
*Pradeep Bhatia*  
Indication 17 • Contraindication 17 • Applied Anatomy 18  
• Technique and Equipment 18 • Preparation 20 • Procedure 24  
• Post-Procedure Care 27 • Complication/Problem 27
- 3. Laryngeal Mask Airway Insertion** **30**  
*Neeta Bose*  
Indication 30 • Contraindication 30 • Applied Anatomy 31  
• Technique and Equipment 31 • Preparation 40 • Procedure 41  
• Post-Procedure Care 45 • Complication/Problem 46
- 4. Fiberoptic Intubation** **49**  
*Amol Kotheekar, JV Divatia*  
Indication 49 • Contraindication 50 • Applied Anatomy 50  
• Technique and Equipment 50 • Preparation 53 • Procedure 56  
• Post-Procedure Care 59 • Complication/Problem 59
- 5. Video Laryngoscopy** **62**  
*Manish Paul, Banani Poddar*  
• Indication 62 • Contraindication 63 • Technique and Equipment 63  
• Preparation 64 • Procedure 65 • Complication/Problem 68
- 6. Double Lumen Endotracheal Tube Placement** **71**  
*Kamal Kishore*  
Indication 71 • Contraindication 71 • Applied Anatomy 72 • Technique and Equipment 72 • Preparation 73 • Procedure (For Left Sided Double Lumen Tube) 74 • Post-Procedure Care 76 • Complication/Problem 76
- 7. Cricothyroidotomy** **78**  
*Kapil Dev Soni, Sanjeev Bhoi*  
Indication 78 • Contraindication 78 • Applied Anatomy 79  
• Technique 80 • Preparation 80 • Procedure 81  
• Post-Procedure Care 88 • Complication/Problem 89

<b>8. Percutaneous Tracheostomy</b>	<b>90</b>
<i>Devendra Gupta</i>	
Indication 90 • Contraindication 90 • Applied Anatomy 91	
• Technique and Equipment 92 • Preparation 102 • Procedure 103	
• Post-Tracheostomy Care 110 • Complication/Problem 112	
<b>9. Surgical Tracheostomy</b>	<b>117</b>
<i>Kranti Bhavana, Amit Keshri</i>	
Functions and Indications of Tracheostomy 117 • Contraindication 119	
• Applied Anatomy 119 • Technique and Equipment 120 • Preparation 122	
• Procedure 122 • Post-Procedure Care 125 • Complication/Problem 126	
<b>10. Bronchoscopy</b>	<b>129</b>
<i>Ravindra M Mehta, Rohan Aurangabadwalla</i>	
Indication 129 • Contraindication 132 • Anatomical Details and	
Physiological Considerations 133 • Technique and Equipment 135	
• Preparation 137 • Procedure 139 • Post-Procedure Care 142	
• Complication/Problem 144	
<b>11. Bronchoalveolar Lavage (BAL) and Mini-BAL</b>	<b>146</b>
<i>Sanjay Singhal</i>	
Indication 146 • Contraindication 147 • Technique 147 • Preparation 148	
• Procedure 150 • Post-Procedure Care 151 • Complication/Problem 152	
<b>12. Thoracentesis</b>	<b>153</b>
<i>Pralay K Sarkar</i>	
Indication 153 • Contraindication 153 • Applied Anatomy 153	
• Technique and Equipment 154 • Preparation 155 • Procedure 157	
• Post-Procedure Care 161 • Complication/Problem 161	
<b>13. Tube Thoracostomy</b>	<b>163</b>
<i>VN Maturu, Ritesh Agarwal</i>	
Indication 163 • Contraindication 164 • Applied Anatomy 165	
• Technique and Equipment 167 • Preparation 172 • Procedure 172	
• Post-Procedure Care 180 • Complication/Problem 181	
<b>14. Non-invasive Ventilation for Acute Respiratory Failure</b>	<b>187</b>
<i>Raj Kumar Mani, Prashant Saxena</i>	
Indications of Non-invasive Ventilation 187 • Contraindications of	
Non-invasive Ventilation 188 • Technique and Basic Principles of	
Non-invasive Ventilation 188 • Preparation for Non-invasive Ventilation 194	
• Starting, Monitoring and Weaning of Non-invasive Ventilation 196	
• Complications of Non-invasive Ventilation 198	
<b>15. Aerosol Drug Delivery</b>	<b>200</b>
<i>Sanjay Singhal, Mohan Gurjar</i>	
Indications for Uses of Aerosol Therapy 200 • Contraindication 200	
• Principles of Aerosol Therapy 200 • Preparation 205	
• Procedures for Delivering Aerosol Therapy 205 • Post-Procedure Care 208	
• Complication and Preventive Measures 209	

**16. Prone Positioning 210***Puneet Khanna, Girija Prasad Rath*

Indication 210 • Contraindication 210 • Applied Anatomy and Pathophysiology 211 • Clinical Aspect and Technique 212  
 • Preparation 214 • Procedure 215 • Post-Procedural Care 215  
 • Complication/Problem 216

**17. Manual Chest Physiotherapy in Ventilated Patients 218***Rajendra Kumar*

Indication 218 • Contraindication 219 • Applied Anatomy 219  
 • Technique 221 • Preparation 225 • Procedure 225  
 • Post-Procedure Care 231 • Complication/Problem 232

**Section 2 Vascular and Cardiac Procedures****18. Venous Cannulation: Peripheral 237***Nikhil Kothari, Arun Sharma*

Indication 237 • Contraindication 237 • Applied Anatomy 238  
 • Technique and Equipment 239 • Preparation 241 • Procedure 241  
 • Post-Procedure Care 242 • Complication/Problem 243

**19. Venous Cannulation: Central Venous Catheter 246***Afzal Azim, Abhishek Kumar*

Indication 246 • Contraindication 246 • Applied Anatomy 247  
 • Technique and Equipment 247 • Preparation 253 • Procedure 253  
 • Post-Procedure Care 258 • Complication/Problem 258

**20. Venous Cannulation: Peripherally Inserted Central Catheter 261***Vandana Agarwal, Atul P Kulkarni*

Indication 261 • Contraindication 261 • Applied Anatomy 261  
 • Technique and Equipment 262 • Preparation 263 • Procedure 264  
 • Post-Procedure Care 265 • Complication/Problem 266

**21. Tunneling of Central Venous Catheter 268***Dharmendra Bhadauria, Vivek Ruhela*

Indication 268 • Contraindication 268 • Applied Anatomy 269  
 • Technique and Equipment 270 • Preparation 270 • Procedure 271  
 • Complication/Problem 272

**22. Intraosseous Cannulation 276***Nishant Verma, Rakesh Lodha*

Indication 276 • Contraindication 276 • Applied Anatomy 277  
 • Technique and Equipment 277 • Preparation 279 • Procedure 280  
 • Post-Procedure Care 286 • Complication/Problem 287

**23. Umbilical Vascular Catheterization 288***Kirti M Naranje, Banani Poddar*

Indication 288 • Contraindication 289 • Applied Anatomy 289  
 • Technique and Equipment 289 • Preparation 292 • Procedure 293  
 • Post-Procedure Care 296 • Complication/Problem 296

- 24. Arterial Blood Sampling and Cannulation** **298**  
*Afzal Azim, Saurabh Saigal*  
Indication 298 • Contraindication 299 • Applied Anatomy 299  
• Technique and Equipment 299 • Preparation 302 • Procedure 303  
• Post-Procedure Care 307 • Complication/Problem 308
- 25. Pulmonary Artery Catheterization** **309**  
*Puneet Goyal*  
Indication 309 • Contraindication 310 • Applied Anatomy 310  
• Technique and Equipment 311 • Preparation 312 • Procedure 314  
• Post-Procedure Care 320 • Complication/Problem 320
- 26. Transducer and Pressure Monitoring** **322**  
*Jyoti Narayan Sahoo*  
Indication 322 • Technique and Basic Principles of Pressure Transducer 323  
• Transducer Preparation and Pressure Measurement 328  
• Troubleshooting 333
- 27. Pericardiocentesis** **336**  
*Jugal Sharma, Aditya Kapoor*  
Indication 336 • Contraindication 336 • Applied Anatomy and Physiology 336  
• Technique 338 • Preparation 339 • Procedure 340  
• Post-Procedure Care 343 • Complication/Problem 344
- 28. Electrical Cardioversion** **345**  
*Saurabh Taneja, Sumit Ray*  
Indication 345 • Contraindication 345 • Applied Physiology and Anatomy 346  
• Technique and Equipment 346 • Preparation 349 • Procedure 350  
• Post-Procedure Care 350 • Complication/Problem 352
- 29. Temporary Cardiac Pacing** **353**  
*Saswata Bharati, Nirvik Pal, Devesh Dutta*  
Indication 353 • Contraindication 354 • Technique and Basic Principles 355  
• Preparation 362 • Procedure 362 • Post-Procedure Care 364  
• Complication/Problem 365
- 30. Intra-aortic Balloon Pump Counterpulsation** **367**  
*Virendra K Arya*  
Indication 367 • Contraindication 368 • Technique: Basic Principles 368  
• Technique: Insertion and Operation 374 • Main Points of Care 380  
• Weaning from Intra-Aortic Balloon Pump Counterpulsation 381  
• Complication/Problem 381 • Special Situations 382  
• Permanent Intra-Aortic Balloon Pump 383
- 31. Tourniquet for Vascular Injuries** **386**  
*Sushma Sagar, Kamal Kataria*  
Indication 386 • Contraindication 386 • Applied Physiology 387  
• Technique 387 • Preparation and Procedure 388  
• Post-Procedure Care 389 • Complication/Problem 390

## Section 3 Neurological Procedures

- 32. Jugular Venous Oximetry** **395**  
*Hemant Bhagat*  
 Indication 395 • Contraindication 395 • Applied Anatomy 395  
 • Technique and Basic Principles 396 • Preparation 397  
 • Procedure 397 • Post-Procedure Care 398  
 • Complication/Problem 399
- 33. Lumbar Puncture** **401**  
*Bhaskar P Rao, Neha Singh*  
 Indication 401 • Contraindication 402 • Applied Anatomy 402  
 • Technique and Equipment 403 • Preparation 408  
 • Procedure 408 • Post-Procedure Care 411  
 • Complication/Problem 412
- 34. Epidural Analgesia** **415**  
*Sanjay Dhiraaj*  
 Indication 415 • Contraindication 416 • Applied Anatomy 416  
 • Technique and Basic Principles of Epidural Analgesia 417  
 • Preparation 421 • Procedure 421 • Post-Procedure Care 427  
 • Complication/Problem 427
- 35. Cranial Burr Hole** **430**  
*Rabi N Sahu, Kuntal Kanti Das, Arun K Srivastava*  
 Indication 430 • Contraindication 430 • Applied Anatomy 431  
 • Preparation 431 • Procedure 432 • Post-Procedure Care 433  
 • Complication/Problem 434
- 36. External Ventricular Drainage** **435**  
*Devesh K Singh, Arun K Srivastava, Kuntal Kanti Das, Rabi N Sahu*  
 Indication 435 • Contraindication 436 • Applied Anatomy  
 and Physiology 436 • Technique and Basic Principles 439  
 • Preparation 442 • Procedure 442 • Post-Procedure Care 443  
 • Complication/Problem 445
- 37. Intracranial Pressure Monitoring** **447**  
*Hemanshu Prabhakar*  
 Indication 447 • Contraindication 448 • Applied Anatomy and Physiology 448  
 • Technique and Equipment 449 • Preparation 451 • Procedure 452  
 • Post-Procedure Care 452 • Complication/Problem 453
- 38. Nerve and Muscle Biopsy** **454**  
*Sanjeev K Bhoi, Jayantee Kalita, Usha K Misra*  
 Indication 454 • Contraindication 454 • Technique and  
 Basic Principles 455 • Preparation 456 • Procedure 456  
 • Post-Procedure Care 459 • Complication/Problem 459

**39. Spine Immobilization in Trauma Patient 460***Sandeep Sahu, Indu Lata*

- Indication 461 • Contraindication of Spine Immobilization 461  
 • Applied Spine Anatomy 461 • Technique and Equipment 463  
 • Preparation 466 • Procedure Steps of Spine Immobilization and Logrolling 468 • Spine Immobilization During Imaging and Transport 470  
 • Post-Procedure Care 470 • Complication/Problem 471

**Section 4 Gastrointestinal/Abdominal/Genitourinary Procedures****40. Nasogastric Tube Placement 477***Bhuwan Chand Panday*

- Indication 477 • Contraindication 477 • Applied Anatomy 478  
 • Technique and Equipment 478 • Preparation 481 • Procedure 481  
 • Post-Procedure Care 483 • Complication/Problem 483

**41. Nasojejunal Tube Placement 486***Zafar Neyaz, Praveer Rai, Hira Lal*

- Indication 486 • Contraindication 486 • Applied Anatomy 486  
 • Technique and Equipment 487 • Preparation 488 • Procedure 489  
 • Post-Procedure Care 494 • Complication/Problem 495

**42. Percutaneous Endoscopic Gastrostomy 497***Samir Mohindra, Kundan Kumar*

- Indication 497 • Contraindication 498 • Technique and Equipment 498  
 • Preparation 499 • Procedure 500 • Post-Procedure Care 502  
 • Complication/Problem 504

**43. Balloon Tamponade in Upper GI Bleed 506***Praveer Rai*

- Indication 506 • Contraindication 506 • Technique and Equipment 506  
 • Preparation 508 • Procedure 508 • Post-Procedure Care 509  
 • Complication/Problem 510

**44. Gastric Lavage 512***Manish Gupta, Nitin Garg*

- Indication 512 • Contraindication 513 • Technique 513 • Preparation 515  
 Procedure 515 • Post-Procedure Care 517 • Complication/Problem 518

**45. Intra-abdominal Pressure Monitoring 520***RK Singh*

- Indication 520 • Contraindication 521 • Applied Pathophysiology 521  
 • Technique 521 • Preparation 522 • Procedure 522  
 • Post-Procedure Care 525 • Complication/Problem 525

**46. Paracentesis 527***Prasad Rajhans, Divyesh Patel*

- Indication 527 • Contraindication 527 • Applied Anatomy 528  
 • Technique 528 • Preparation 529 • Procedure 530  
 • Post-Procedure Care 534 • Complication/Problem 535

- 47. Percutaneous Abdominal Drain** **537**  
*Hira Lal, Rajanikant R Yadav, Zafar Neyaz*  
 Indication 537 • Contraindication 537 • Applied Anatomy 537  
 • Technique and Equipment 538 • Preparation 540 • Procedure 541  
 • Post-Procedure Care 549 • Complication/Problem 549
- 48. Bedside Laparoscopy** **552**  
*Biju Pottakkat*  
 Indication 552 • Contraindication 553 • Preparation 553  
 • Technique and Equipment 553 • Procedure 554  
 • Post-Procedure Care 555 • Complication/Problem 555
- 49. Dynamic Abdominal Wall Closure for Open Abdomen** **556**  
*Fahri Yetisir, A Ebru Salman, Oskay Kaya*  
 Indication 556 • Contraindication 556 • Technique 558 • Preparation 558  
 Procedure 559 • Post-Procedure Care 560 • Complication/Problem 561
- 50. Urethral Catheterization** **563**  
*Vijai Datta Upadhyaya, Eti Sthapak*  
 Indication 563 • Contraindication 563 • Applied Anatomy 564  
 • Technique and Equipment 564 • Preparation 566  
 • Procedure (In Male Patient) 566 • Post-Procedure Care 572  
 • Complication/Problem 572
- 51. Suprapubic Cystostomy** **574**  
*Vijai Datta Upadhyaya*  
 Indication 574 • Contraindication 574 • Applied Anatomy 575  
 • Technique and Equipment 576 • Preparation 577 • Procedure 577  
 • Post-Procedure Care 578 • Complication/Problem 581
- 52. Peritoneal Dialysis Catheter Placement** **585**  
*Basant Kumar, MS Ansari*  
 Indication 586 • Contraindication 586 • Applied Anatomy 587  
 • Technique and Equipment 587 • Preparation 590 • Procedure 592  
 • Post-Procedure Care 595 • Complication/Problem 596
- 53. Hemodialysis** **598**  
*Harsh Vardhan, Dharmendra Bhadauria*  
 Indication 598 • History and Basic Principle 598 • Modalities of Renal  
 Replacement Therapy 599 • Preparation 608 • Procedure 608  
 • Post-Procedure Care 610 • Complication/Problem 610

## Section 5 Miscellaneous

- 54. Bone Marrow Aspiration and Biopsy** **615**  
*Gaurav Srivastava, Barnali Banik, Narendra Agrawal*  
 Indication 615 • Contraindication 616 • Applied Anatomy 616  
 • Technique and Equipment 616 • Preparation 618 • Procedure 619  
 • Post-Procedure Care 623 • Complication/Problem 623

- 55. Postmortem Organ Needle Biopsy** **625**  
*Rajanikant R Yadav, Namita Mehrotra*  
• Indication 625 • Contraindication 625  
• Applied Anatomy and Technique 626 • Preparation 626  
• Procedure 627 • Post-Procedure Care and Problems 628
- 56. Managing Pressure Ulcer** **631**  
*Ankur Bhatnagar*  
Pathophysiology of Pressure Ulcer 631 • Prevention 632  
• Treatment of Pressure Ulcer 636 • Preparation 636 • Procedure 641
- 57. Mobilization of Patient** **646**  
*Abraham Samuel Babu, Vishal Shanbhag, Arun G Maiya*  
Indication for Early Mobilization 646 • Contraindication for Early Mobilization 646 • Technique and Basic Principles of Mobilization 647  
• Preparation and Assessment 650 • Physiotherapy Treatment 652  
• Post-Procedure Care 655 • Complication/Problem 656
- 58. Surveillance of ICU-acquired Infection** **658**  
*Armin Ahmed, Richa Misra*  
Objective 658 • ICU-acquired Infection and Surveillance System 658  
• Method of Surveillance: Basic Principles 660  
• Surveillance for Specific ICU-acquired Infection 662
- 59. Blood and Urine Sampling for Microbiology** **667**  
*Armin Ahmed*  
Blood Sampling 667 • Technique and Basic Principles (Blood Sampling) 668  
• Preparation and Procedure (Blood Sampling) 669  
• Post-Procedure Care (Blood Sampling) 671 • Urine Sampling 671  
• Technique and Basic Principle (Urine Sampling) 671  
• Preparation and Procedure (Urine Sampling) 671  
• Post-Procedure Care (Urine Sampling) 673
- 60. Blood Component Handling at Bedside** **674**  
*Atul Sonker, Anju Dubey*  
Blood Components: Basic Properties 674 • Bedside Handling of Blood Components 678 • Adverse Reaction Due to Blood Components 684
- 61. Managing Needle-Stick Injury** **690**  
*Puja Srivastava, Anupam Wakhlu, Vikas Agarwal*  
Definitions 690 • Prevention From Needle-Stick Injury 691  
• Post-Exposure Prophylaxis 692 • Post-Exposure Counseling 699
